Detail-Oriented Virtual Assistant | Online Research | Data Entry

WIDYA ASNITA

Hi, I'm Widya, a detail-oriented Virtual Assistant focused on Online Research and Data Entry. I help businesses find reliable information, organize it into clean spreadsheets, and keep daily admin tasks on track.

I spent 5+ years in pharmacy and customer service, where one small mistake could cause a real problem. I bring the same careful habits to my research and data work.

I'm comfortable with Google Sheets, online research, and digital tools like Apollo, Trello, and Canva. My goal is simple: give you accurate, organized support that saves you time.

Personal Skills

Communication

Communicate clearly and provide updates on task progress.

Attention to Detail

Maintain accurate data and records, backed by 5+ years of work where accuracy was essential.

Time Management

Organize priorities and manage deadlines using Trello, Google Calendar, and Notion.

Adaptability

Learn new tools and adjust to different workflows.

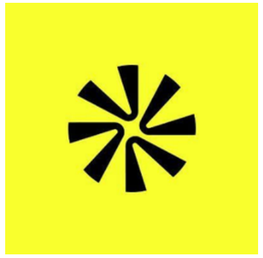

Reliability

Follow instructions carefully and complete tasks responsibly, with a 5+ year record in customer-facing and administrative roles.

Tools I Use

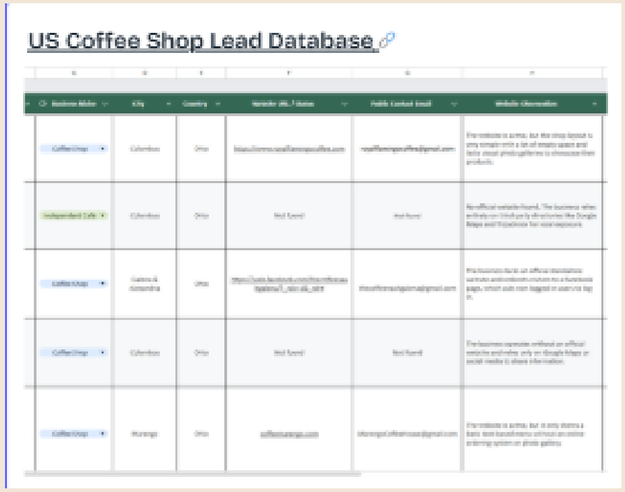

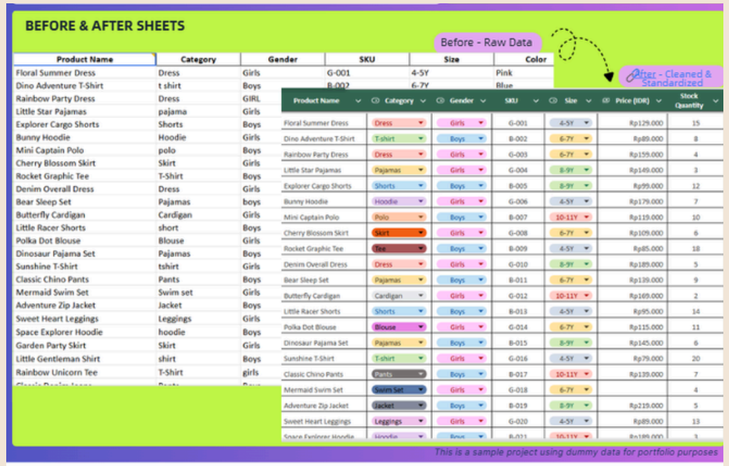

Services I Offer

Online Research & Data Collection

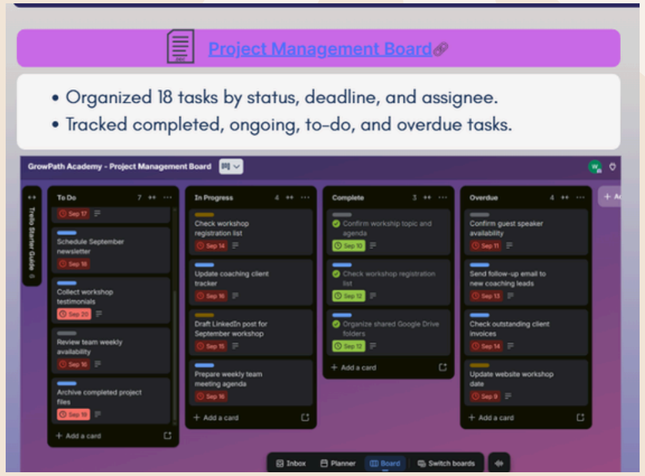

- Web & Market Research
- Prospect List Building
- Contact & Company Research
- Data Verification & Collection

Data Entry

- Manual Data Entry
- Data Processing
- Spreadsheet Management
- Data Cleaning & Validation
- Pdf Conversion to Google Sheets & Google Docs / Excel & Word

Administrative Support

- Task Organization & Tracking
- Document Formatting & File Management
- Calendar Scheduling & Coordination

Online Research & Data Collection

Leads

Lead ID	Business Name	Business Niche	City	Country	Website URL / Status	Public Contact Email	Website Observation
1	Royal Flamingo Coffee	Coffee Shop	Columbus	Ohio	https://www.royalflamingocoffee.com	royalflamingocoffee@gmail.com	The website is active, but the shop layout very simple with a lot of empty space and lacks visual photo galleries to showcase t products.
2	Cafe De Nook	Independent Café	Columbus	Ohio	Not found	Not found	No official website found. The business r entirely on third-party directories like Go Maps and Tripadvisor for local exposure.
3	The Coffee Vault	Coffee Shop	Galena & Alexandria	Ohio	https://web.facebook.com/thecoffeevault galena/?_rdc=1&_rdr#	thecoffeevaultgalena@gmail.com	The business lacks an official standalone website and redirects visitors to a Facebo page, which asks non-logged-in users to l in.
4	Koffee Paradise	Coffee Shop	Columbus	Ohio	Not found	Not found	The business operates without an official website and relies only on Google Maps social media to share information.

Lead Database | Research Summary

SHARING GALLUP STUDENT POLL RESULTS

Gallup encourages schools and districts to share their Gallup Student Poll results with their local community and key stakeholders. Below are some guidelines for the public release of school, district and the overall convenience sample data and results.

- You can share the Gallup Student Poll participation results for your school and/or district. The N sizes on the scorecard represent the total number of respondents for your school or district. Your school or district participation rate is based on the total number of eligible students in your school or district. Students in fifth through 12th grade are eligible to participate in the Gallup Student Poll.
- Please include the Gallup Student Poll Methodology and Limitations of Polling. If most eligible students in fifth through 12th grade were polled, the district (or school) may indicate that the data represent a census.
- Please do not compare your school's or district's data to the overall line of data on your scorecard when publicly sharing results. Because the overall data in your school or district report are an aggregate of a convenience sample of all schools and districts that opted to participate in the Gallup Student Poll within that survey year, the data are not representative of the U.S. population of students in fifth through 12th grade and are thereby not fit for data comparisons.
- You can share district or school plans to use the data to inform strategies and focus.

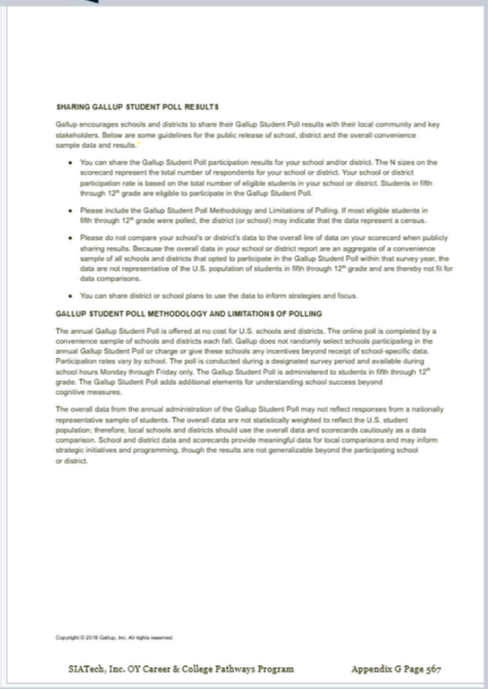

GALLUP STUDENT POLL METHODOLOGY AND LIMITATIONS OF POLLING

The annual Gallup Student Poll is offered at no cost for U.S. schools and districts. The online poll is completed by a convenience sample of schools and districts each fall. Gallup does not randomly select schools participating in the annual Gallup Student Poll or charge or give these schools any incentives beyond receipt of school-specific data. Participation rates vary by school. The poll is conducted during a designated survey period and available during school hours Monday through Friday only. The Gallup Student Poll is administered to students in fifth through 12th grade. The Gallup Student Poll adds additional elements for understanding school success beyond cognitive measures.

The overall data from the annual administration of the Gallup Student Poll may not reflect responses from a nationally representative sample of students. The overall data are not statistically weighted to reflect the U.S. student population; therefore, local schools and districts should use the overall data and scorecards cautiously as a data comparison. School and district data and scorecards provide meaningful data for local comparisons and may inform strategic initiatives and programming, though the results are not generalizable beyond the participating school or district.
